SID NONPROFIT MEMBERSHIP

Strengthen your Board with SID's Corporate Plan for NonProfit Organisations

SID seeks to connect and enable directors in Singapore to serve on boards of nonprofit organisations (NPOs).

We provide courses, workshops and talks to help directors understand their roles and responsibilities. Participants can access the wide range of resources curated for NPOs, charities and social enterprises. SID also organises seminars and networking sessions to bring directors together to explore different strategies, exchange experiences and resolve common NPO challenges. The full suite of SID membership services, such as Board Appointment Services, our range of professional development courses, publications and benchmarking surveys, including thought leadership pieces on corporate governance and stewardship, are also available to support members on their directorship journey.

NPO directors can leverage the SID membership programme to become **Better at Doing Good**.
