

Climate Governance Singapore Curriculum

As the knowledge partner, the Singapore Management University (SMU) curates a content library of useful research and pedagogic materials. It also curates and delivers a suite of training programmes to help stakeholders better address the challenges of climate change, and organises events and public programmes to raise awareness and understanding of the issues involved.

3 Tiers of Engagement

4 Domains of Knowledge and 12 Areas of Expertise

Understanding the Climate Challenge

Law, Policy and Regulations

Implications for the Business

Implications for the Board

Science of Climate Change	Disclosure and Reporting	Risks and Opportunities	Governance and Stakeholder Engagement
